# CAN WE TAKE ON GOLIATH?

## THE RISE OF THE UNDERDOG

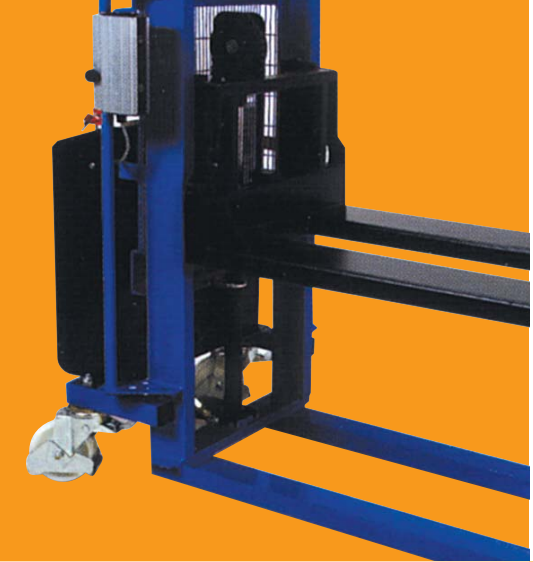

**We give in, there is no contest. The forklift rules supreme. A stacker is no giant killer.**

But, unless your workload demands the price of a forklift truck plus its running costs, a stacker could best suit your pallet and your pocket; and the difference between a forklift and an Advanced stacker is no small change.

Our heavy duty stacker for example can comfortably handle 1000kgs and lift it upto a height of 3.3 metres, and to coin a phrase, 'turn on a sixpence'.

We may be the underdog, but if you are looking to lift and stack, without a heavy outlay, nothing stands up to a forklift, better than an Advanced stacker.

No shadow of a doubt.

## HIGH LIFT PALLET MOVER

- Overall Safety: toe guards and total stop brakes
- Health and Safety: excellent work positioner
- Multiple Uses: additional attachments for the stacker
- Wide Straddle Version: pick up GKN style pallets
- Capacity: 700kg - 1000kg
- Lift Height: 820mm
- Fork lengths: 1140mm (fixed) or 1000mm (adjustable)
- Width across forks: 528mm (fixed) or 740mm max (adjustable)
- Additional Information: Available with either fixed forks and wrapover legs or adjustable forks with wide straddle legs.
- Optional Extras: Steel platform and roller platform. Manual or battery electric powered operation.

## FREEDOM STACKERS

- Modular Design: capable of fitting most applications
- High Specification: un-rivalled price against specification
- Simple Maintenance: 'plug and play' components
- Problem Solver: lifts most plastic boxes with ease
- Position 1 Capacity: 260kg  
Position 1 Lowered Height: 90mm  
Position 1 Raised Height: 1600mm
- Position 2 Capacity: 120kg  
Position 2 Lowered Height: 440mm  
Position 2 Raised Height: 1950mm
- Compact: fits through a standard doorway
- High Visibility: single, narrow mast
- Ease of Use: Battery, electric operation
- Safe to Load: twin total stop brakes  
Options: 4 x swivel castors, steel platform, roller platform, steel boom, suction cups

## LIGHT DUTY STACKERS

- Overall Safety: toe guards and total stop brakes
- Small Footprint: for use and storage in confined areas
- Multiple Uses: additional attachments for the stacker
- Telescopic Models: fit through a standard doorway
- Capacity: 250kg
- Lift Height: Up to 2450mm
- Drive: Manual or battery electric operation.
- Variety: Available with fixed wrapover forks or adjustable forks.
- Forks: 540 x 560mm (L x W) on fixed model and 500 x 635mm max on adjustable fork model.
- Secure: Fitted with one brake as standard to prevent the stacker from moving when loading and unloading.

## AUTO LEVELLING PALLET POSITIONER

- Overall Safety: toe guards and total stop brakes
- Health and Safety: automatic positioning of pallet
- Productivity: increased productivity all round
- Auto Levelling on Other Products: can be fitted to any electric models
- Capacity: 700kg - 1000kg
- Lift Height: 820mm
- Fork Length: 1140mm (fixed) or 1000mm (adjustable)
- Width across Forks: 528mm (fixed) or 740mm max (adjustable)
- Variety: Available with either fixed forks and wrapover legs or adjustable forks with wide straddle legs.
- Optional extras: 3 phase mains electric operation, static model, special fork lengths and straddle widths available on request.

## FREEDOM LIFT M8

- Lightweight: 20kg - handles tasks with ease
- Compact: removable legs / folding forks
- Suction Cups: handle TV's, filing cabinets, glass
- Smooth Running: foam filled, large diameter wheels
- Capacity: 100kg
- Lift Heights: 800 x 1000mm
- Fork size: 440mm (L) x 195 - 430mm (W)
- Lightweight: 20kg
- High Visibility: single mast section
- Ease of Use: simple winch operation
- Versatile: Excellent for assisting in home deliveries or for industrial application with the forks.

## VOYAGER STACKERS

- Lightweight Modular Aluminium: Ease of operation
- Multi-Tasking Machine: Additional attachments available
- Style and Design: Multi-award winning design
- The Intelligent Solution: Excellent for that 'special application'
- Capacity: 300Kg - 1000Kg
- Lift Heights: 1100mm and 1600mm
- Fork Length: 550mm - 1160mm
- Optional Attachments: Wide range to choose from jibs to drum clamps
- Anodised finish: safe for use in clean environments
- High Visibility: single, narrow mast
- Lightweight: easy to push and manoeuvre
- Adjustable: forks and legs
- Drive: Manual or battery electric

## WINCHMASTER STACKERS

- Winch Operation: marine grade winches for durability
- Wheels Options Available: pneumatic wheels on the junior
- Adjustable - Versatile: folding/ adjustable forks on models
- Appliance Stackers: dual position platform for extra height
- Capacity: 80kg Top Platform - 150kg Lower Platform
- Lift Height: 930mm - 2550mm
- Safe: Both castor wheels fitted with a total stop, directional lock brake as standard. Winch fitted with stainless steel cable.
- Folding forks and legs: for ease of transportation and storage.
- Pneumatic tyres: enable smoother manoeuvrability over rough surfaces.
- Options: appliance lifter platform,

## HEAVY DUTY STACKERS

- Overall Safety: toe guards and total stop brakes
- Small Footprint: for use and storage in confined areas
- Multiple Uses: additional attachments for the stacker
- Telescopic Models: fit through a standard doorway
- Capacity: Up to 1000kg
- Lift height: up to 3300mm
- Fork lengths: 1140mm (fixed) or 1000mm (adjustable)
- Fork widths: 528mm (fixed) or 740mm max (adjustable)
- Variety: Fitted with fixed or telescopic mast. Available with either fixed forks and wrapover legs or adjustable forks with wide straddle legs.
- Optional extras: Crane jib, steel platform and roller conveyor platform. Manual or battery electric operation.

## VOYAGER PEOPLE LIFTERS

- Lightweight modular aluminium: Ease of operation
- First for safety: Numerous safety features as standard
- Range of duties: Order picking, maintenance etc...
- Value for money: Unrivalled for price against spec
- Lift height: 1800mm to foot level on stand ard model. 2400mm to foot level on high lift model
- Platform capacity: 150Kg
- Tray capacity: 50Kg
- Platform size: 610mm x 610mm
- Manoeuvrable: Ideal for tight places
- Manually propelled: Safe in public areas
- Safety: Stable at any picking height
- Stylish: Will not look out of place anywhere
