

## WINCHMASTER STACKER

- The light duty Winchmaster range lifts capacities between 80kg and 150kg with maximum lift heights from 930mm to 2550mm
- Ideal for applications within a retail environment, appliances can be manoeuvred, loaded and unloaded safely and easily.
- Features include folding legs and forks on the Junior model for ease of storage and transportation.
- Quality British design and manufacture.

### Technical Features:

**Universal to the range:**

Designed to pass through a standard doorway  
Braked with a non slip geared winch

**Specific to Junior model:**

Pneumatic tyres enable smoother manoeuvrability over rough surfaces  
Winches fitted with a Spectra/Dyneema rope (ISO9001)

**Specific to Senior model:**

Both castor wheels fitted with a total stop brake, directional lock brake as standard  
Adjustable forks  
Heavy duty wheels with polyurethane tyres, both of which are fitted with toeguard for operator safety  
Winch fitted with stainless steel cable  
Lifting speed can be doubled when lifting half the rated capacity

**Specific to Appliance lifter:**
